## SCREEN THE HOUSE

so screen early and be ready when the flies come.

Our Store is Headquarters for all kind and sizes of screen. Windows, Doors and both Black and Galvanized screen cloth.

Get our prices before you buy.

**CONN BROTHERS.**  
Lancaster, Ky.

## MAPLES

The beautiful old home of Capt. T. A. Elkin, situated two miles from Lancaster on the Stanford and Lancaster turnpike, will be sold at public sale,

**Tuesday, June 9th,**  
at two o'clock.

This place contains 250 acres of productive land, 175 acres now in young grass and blue grass, 75 acres now in corn and tobacco.

THE FARM IS WELL IMPROVED, WELL FENCED, AND WELL WATERED.

A new 10 acre tobacco barn, with galvanized roof, stock barns and all necessary out buildings.

The two story frame house is modern in convenience, contains eight rooms, metal roof, two halls, two porches, the front porch being of cement and 36 feet long, cement walks and beautiful driveway through a lawn of two acres, shaded with 100 trees, water maples, red bud maples and sugar trees. This is one of the most beautiful homes in Central Kentucky and only fifteen minutes drive from the city, with a \$40,000 Graded school.

On account of failing health and advancing age the sale of this farm is absolute. Persons from a distance desiring to look at same, will be met at train at any time, day or night, and all such persons are especially invited.

Possession given at any time and terms will be liberal to suit purchaser.

**T. A. ELKIN,**  
LANCASTER, KY.

Next Monday is county court day.

Corn planting is well nigh completed.

Lancaster as usual has a crack colored baseball team.

Cut worms are causing the farmers much annoyance.

Tobacco setting has commenced with the forward farmers.

Hear Gov. McCreary at Court House Monday, May 25th.

The annual spring building boom has commenced and dwellings are going up all over town.

Automobiles are thicker in Lancaster than the proverbial fiddler in the lower regions.

Chief Herron and his deputies kept a sharp lookout for bootleggers last week and succeeded in landing one.

The dust was something fierce last week. What will it be in August? Let's oil the streets and be rid of this nuisance.

Many Garrard county farmers are coming to a realization of the virtues of a silo and are erecting one on their premises.

An Ice Cream supper will be given at Herring School House, Saturday night, May 23. Admission 10 and 20c. Proceeds for benefit of school.

The many friends of Judge R. A. Burnside will be glad to know that he is sufficiently recovered to "go a fishin'". He caught a big 'un in Dix river last week.

### LOST.

On public square envelope containing \$9.50. Reward, if returned to this office.

### BIBLE CLASS RALLY.

The young men's bible class of the Christian church will have a rally day next Sunday and every member should make an effort to be present and bring a new one with him. This class is growing rapidly, both in interest and numbers.

### THEY PASS US BY.

Lancaster is a good place to live, and our chief cause for grievance is the fact that we seldom have a good circus, and if our circus lovers ever get to satisfy their longing for that class of amusement, they are compelled to go away from home. The railroad facilities to Lancaster are bad, or rather we are off of their regular route, and the real good circuses give us the go by.

### WE LOSE A GOOD CITIZEN.

Mr. Noah Spainhower who for several years has conducted a general store at Point Leavell, held a sale of his personal property on last Saturday and within the next few weeks will take his departure for Kingston Mo. where he will make his future home. Garrard county can ill afford to lose such citizens as Mr. Spainhower; he was born and raised in the county, and we hope that he will be so overcome by the longing for the land of his birth that he will soon return. His business was sold some time since to Henry Sanders, who took possession last week and will continue the business at the old stand.

Mr. Spainhower realized good prices at his sale, a horse bringing \$137.50, milk cow \$47, and household and kitchen furniture bringing fair prices.

### AMONG THE BUILDERS.

Mr. James W. Smith the merchant, has broken ground for the erection of a handsome bungalow on Richmond street on a part of the "Reid lot", which when completed will be one of the handsomest of this particular kind of residences in Lancaster, and will be a considerable improvement to that pretty thoroughfare. Len Miller is building a bungalow on Danville street adjoining the property of Mr. W. T. West, and Ben Cormey will begin at once the erection of a similar house on Crab Orchard street adjoining the property of Councilman W. M. Zanone.

It augurs well for Lancaster that the younger men are taking an interest in the welfare of the town sufficient to erect homes here, thereby identifying themselves with its future. Several more nice residences will go up during the summer.

### COLLIER.

Mr. Robert Collier died at his home in Danville on last Thursday and after services by Rev. H. C. Garrison his remains were placed at rest in Bellevue cemetery in that city on Saturday afternoon. Mr. Collier has been a continuous sufferer from asthma and catarrh for almost a quarter of a century, and has been confined to his bed since last December. Mr. Collier was 65 years of age and was born and reared in Garrard county, but removed to Danville about twenty years ago, where he has since resided. No more highly respected citizen ever lived in or left Garrard county than Mr. Collier. Besides his wife, who was Miss Mary Arnold before her marriage to him, the deceased is survived by five children as follows: Mrs. Taylor Burdett of Bryantsville, this county, Mrs. E. H. Salter of Boyle county, Mr. B. F. Collier of Wilmington O. and Messrs Robert and Kavanagh Collier of California, and also by two brothers, Hiram Collier of Burgin and William Collier of Jessamine county.

Hear Gov. McCreary at Court House Monday, May 25th.

Unusually good order was maintained during the street fair.

### WALKER.

The infant child of Mr. and Mrs. W. T. Walker, of McCreary died Sunday night and was buried Monday afternoon. Much sympathy is expressed for the bereaved parents in the loss of their little girl which lived only three days.

### CONGRATULATIONS.

Only the trained eye of the stork editor could detect and interpret the smile which wreathed Will Embry's face Wednesday. Its a girl and both mother and daughter are doing nicely. Congratulations are pouring in upon the fond parents.

### RURAL BASE BALL.

Point Leavell defeated Paint Lick on the Point Leavell grounds last Saturday afternoon by a score of 12 to 1. These two teams will lock horns at Paint Lick next Saturday afternoon, and on the following Saturday Point Leavell will go to Kirksville for a game with that village. These country games are exciting much interest, and the entire countryside declares a half holiday each Saturday afternoon to attend. The four clubs, Paint Lick, Point Leavell, Hyattsville and Kirksville contemplate organizing a four team league.

### STANLEY AT CRAB ORCHARD.

Next Saturday afternoon Hon. A. O. Stanley, will address the democrats of Crab Orchard and vicinity in the interest of his candidacy for the democratic nomination for United States Senator. A telegram to the Courier-Journal from Pikeville, states that he spoke to an audience of 700 people in the court house at that place on Monday. His speech, the telegram stated, was enthusiastically received, many leading democrats calling upon Mr. Stanley at his hotel in Pikeville and pledging him their loyal support.

### SHOUSE.

Elder John S. Shouse, one of the oldest and best known ministers of the Christian church in Kentucky, died at his home in Lexington last Thursday morning. His death followed a stroke of paralysis received on Monday, from which he never regained consciousness. He was 73 years old, and a native of Midway, Ky., was one of the founders of the Midway Orphan School, and was pastor of the church there for many years. He had many warm friends in this community who will regret to learn of the passing of this saintly man.

### SORRY TO LOSE MISS DEAN.

It is with a feeling of reluctance near to sadness that the people of Lancaster hear the news that Miss Olive Dean with the close of the present school year will sever her connection with the local school, and will teach at her home in Warsaw Ky. Miss Dean has been in our school for a number of years and has given splendid satisfaction, she is earnest and conscientious in her work, throwing her whole soul into her duties, with the result that she has won the unstinted respect and esteem of her fellow teachers, her pupils, the patrons of the school and the community in general. She is a splendid lady as well as an educator, is very popular socially, and her leaving taking will be heard of with much regret.

### SPOONAMORE.

Mr. Samuel Spoonamore died at the Danville hospital on the 18th inst after a short illness of locked bowels, and after funeral services at the late home at Hubble conducted by Revs. Walker and Politt, his remains were interred in the Danville cemetery on last Sunday afternoon.

Mr. Spoonamore was about 65 years of age and his entire life has been spent in the vicinity of Hubble. He was a frequent visitor in Lancaster where he has many friends. His wife and one daughter, Miss Jewell, survive him, and were both in California, at the time of his death, but hastened home, reaching there in time for the funeral.

### THE FARMERS.

Much farm work was accomplished last week, many of the farmers completing their corn planting and clearing the board for tobacco setting which will begin in earnest next week. Some corn is up and aside from the ravages of cut worms, especially in sod land, is looking well, though those farmers who have not yet planted their corn are rejoicing over the fact, as they would most probably have been compelled to plant the second time. Wheat never looked better at this time of year, and the outlook is for a crop equal to if not better than the splendid one of last season. Spring grass is looking fine, and the outlook is for an abundant hay crop. Blue grass is well headed out and is ripening fast, and under the influence of a short stretch of real warm weather, would soon be ready to strip. Those who are accustomed to strip that commodity are already overhauling their machinery and getting everything in readiness for the fast approaching harvest.

Hear Gov. McCreary at Court House Monday, May 25th.

### ED. WALTON TO BECOME A BENEDICT.

Ed. C. Walton, well known to the newspaper fraternity and the citizens of this part of the state, but who is now editing a newspaper in Orlando Fla., is to be married in June to Miss Maud Marcum of Catlettsburg Ky. We have not the pleasure of the acquaintance of the young lady, but there is no finer fellow than Ed. Walton, and the Record tenders its congratulations in advance.

### ANOTHER CONSOLIDATED SCHOOL In Prospect For Garrard County.

The good people of the Bryantsville section of the county contemplate another effort in the near future to secure a Consolidated School for that section of the county. An attempt was made in this direction about a year ago, but it resulted in failure. However, not daunted by the one unsuccessful effort, and realizing the great benefits to be obtained, these people are determined to keep trying until their efforts meet with success. The splendid showing made by their neighboring school at Buena Vista has spurred them on to redouble their endeavors and they have splendid hopes of success in finally establishing a Consolidated School in their midst, which will make the third school of this character in the county, not counting the school at Lancaster.

No greater heritage could be left a child than a good education, and this fact should be taken into consideration and no person should allow the few paltry dollars which it will cost in the way of additional taxation for school purposes to cause them to throw a stumbling block in the path of an effort to further the cause of education, and the building of new and commodious school buildings and the increasing of school facilities is most assuredly furthering that cause. Your children can spend the dollars you leave them after you are gone, but a good education is not so easily rid of, and this will enable them to win back the dollars which you pay for their education. Get your shoulder to the wheel and help along this splendid undertaking.

### NOTICE TO CORRESPONDENTS

We appreciate your letters. We are glad to publish them, and the public is glad to read them. However, there are certain rules that must be observed in order to facilitate the work of the office, one of the most important of these is that all letters must reach the office not later than TUESDAY MORNING in order to be published the week of their receipt. Our work is systematized with Tuesday as the day for handling county correspondence, and if the letters reach here later than the time specified, they must either not be published or disarranged the work of the entire office force for the week.

### HUERTA WILL PROBABLY STAND ASIDE, THUS SIMPLYFYING

The Work Of The Board Of Mediators.

The Board of Mediators will meet at Niagara Falls Ont. tomorrow, and a speedy and satisfactory settlement of the differences between this country and Mexico is hoped for and expected. It is understood that Dictator Huerta has instructed his representatives at the conference to tender his resignation in the event that it is seen that such a step will bring about a quick and satisfactory settlement of the differences and restore peace in Mexico.

President Wilson is keeping in close touch with the situation and in order to do this wires have been installed in the room where the conference will be held, which will lead direct to the White House. The President has let it be known that the U. S. troops will not be withdrawn from Mexico until peace is finally restored.

The fate of Private Parks who wandered into the Mexican lines at Vera Cruz and was reported shot, is yet unknown, but upon vigorous representations of Secretary Bryan, Huerta has promised an early and rigid investigation of the disappearance of the soldier. Meantime the Rebel General Villa is pursuing his war relentlessly; his troops are now at the gates of Torreón and a desperate conflict is in progress with a splendid prospect for the success of Villa and the taking of the city.

### PLANTS.

I have an unlimited supply of guaranteed varieties tomato plants, and will have sweet potato plants in season. Mrs. George Smith Sr.
